(d) and (e) The Indian Council of Medical Research who are concerned with major surveys relatings to bio-medical research have indicated that they are not aware of any such surveys conducted on school children.

Quality Specifications of Mineral Water

209. SHRI DIPANKAR MUKHERJEE:
SHRI NILOTPAL BASU:

Will the PRIME MINISTER be pleased to state:

(a) whether Government's attention has been drawn to numerous complaints regarding the quality of Mineral Water marketed by spurious agencies;

(b) whether any standard has been fixed to ensure minimum content of specified minerals in the Mineral Water available in the market;

(c) if so, the agancies through which the quality/norms is being checked; and

(d) if not, the reasons therefor and the action being taken by Government to check sale of ordinary drinking water at an exhorbitant price in the name of Mineral Water?

THE MINISTER OF STATE IN THE MINISTRY OF HEALTH AND FAMILY WELFARE (SHRIMATI RENUKA CHOWDHURY): (a) No specific complaint regarding marketing of mineral water by spurious agencies has been received from the Food Health Authorities of State/UTs administering the Prevention of Food Adulteration (PFA) Act, 1954 & Rules, 1955.

(b) Standards of mineral water prescribed under the provision of FPA Act, 1954 & Rules do not specify any minimum limit of mineral content as mineral content varies from source to source. However, the standards of mineral water as per the PFA Rules, 1955 are given at Statement *(See* below).

(c) and (d) The Food (Health) Authorities of States-UTs have been requested to keep a vigil on quality of mineral water sold in the market.

Statement
